Subject - Revised estimate for the installation of duplicate pumping set at Closepet Water orks - intimates the need for the - - --

I have the honour to state that a grant of Rs 1 725/- has been sanctioned out of the Town Water Supply Grants for the current year for the installation of a duplicate pumping set at the Closepet Town Municipal Water orks The sanctioned estimate was for Rs 3 020/- of which the Municipality paid the balance of Rs I 295/- excluding the above Government Grant The entire estimated cost had been credited to 17 (a) P W Deposits and the Sanitary Engine was requested to take up the work on hand

2 Now the Sanitary Engineer intimates by phone that tenders were called for and the Stores Purchase Committee quotations for supply of machinery alone is Rs 3 921/- He therefore states that revised estimates taking into consideration the provision for galvanised iron pipes valves etc and the delivery of suction pipes would come to about Rs 5 750/- The Stores Purchase Committee is said to have intimated that in the event of further delay in ordering the machinary the prices are likely to go higher and the machinery now available might be sold out The total excess cost would come to Rs 2 250/ which is proposed to be borne by Government and the Municipality in equal shares

3 I have replied to the Sanitary Engineer to place immediate orders for the achinery, pending sanction of revised estimate in order to avoid further rise in the price He has been requested to send a revised estimate fo obtaining the Government grant equal to ½ of the excess amount I am asking th President of the Municipality to send up the resolution of the Council agreeing to bear the other half of the excess cost in the circumstances mentioned above

4 Further reply would be sent soon after the receipt of

of the revised estimate and the resolution of the Municipal Council

The action taken may be kindly approved
